| <b>Category 1: Drilling and Workover Rig</b>  |
|---|
| Subcategory (A.0)   |
| A. Drilling and Workover Rig :<br><br>1) Drilling Rig – 750HP to 1500 HP with 5,000 psi (or above) rated BOP plus Kill plus Choke Manifold and allied equipment, trained & experienced manpower (Standalone or Integrated with allied drilling services listed in Subcategory B.0 and C.0 below)<br><br>2) Workover Rig (30T / 50T / 100T) with 5000 psi rated BOP or above with allied equipment, trained & experienced manpower (Standalone or Integrated with allied drilling services listed in Subcategory B.0and/or with Tangibles C.0 below) |

Subcategory (B.0)

- B. Drilling and Workover related Services (Integrated with Drilling/ Workover Rig in Subcategory A.0 and/or with Tangibles listed in C.0 or bundled or on a standalone basis).
1. Directional Drilling, Rotary steerable, MWD services
  2. Logging While Drilling (LWD) services
  3. Wireline Logging & Perforating services
  4. Casing, Tubular running services.
  5. Completion handling (make-up and running) services
  6. Cementing Services with Complete Engineering and Bulk equipment.
  7. Drilling and Fishing Tools & Fishing Services
  8. Mud Logging Services
  9. Mud Engineering, Drilling and Completions fluids services (WBM / SOBM)
  10. Solids Control, Filtration and Centrifuges services
  11. Wellbore Clean up Services
  12. Hydraulic Fracture Services
  13. Coil Tubing and Well Stimulation services
  14. Radial cutting and Cold Casing Cutting services
  15. Well head tightening and torquing services.
  16. Coring services
  17. Core handling preservation and analysis services
  18. Provision of surface well test equipment & services for flow back and extended well test operations services
  19. Bunk house rental/procurement
  20. Civil works for drill site and well pad and EPS related construction and site restoration services
  21. Waste Disposal/Re-cycling and Management Services
  22. Transportation and Logistics Services
  23. Environment clearances, consulting and Management Services
  24. Seismic Data Acquisition, Processing & Interpretation services.

25. Geo-Scientific services including Assessment and Certification of Reserves & Resource, Petrophysical analysis and Interpretation Services, Reservoir Management, optimization & Stimulation Services.
26. Slickline Services
27. Electrical Services
28. Crude Oil, Gas & Water Analysis Services
29. Echometer & Dynacard Survey Services
30. Communication Services
31. Clearing house Agency Services

Subcategory C.0

- C. Tangibles (Integrated with drilling/workover rig in Subcategory A.0 and/or Allied services listed in B.0 or bundled or on a standalone basis).
  - 1) Casings & Tubing's with accessories
  - 2) 2 CP & 3 CP Wellheads, X-mas trees and Associated Services
  - 3) Casing Accessories (float equipment & accessories)
  - 4) Liner Hanger & Associated Services
  - 5) Drill Bits (PDC & or Tricone)
  - 6) Supply of Base Oil for SOBM drilling
  - 7) Completion Equipment
  - 8) High Speed Diesel (HSD)
  - 9) Sub-Surface pumps
  - 10) Sucker rod Surface Units with / without sucker rods (SRP)
  - 11) Sucker Rods with accessories
  - 12) Progressive Cavity Pumps (PCP).

## Category 2: Production Operations / Projects

### Subcategory D.0

- 1) Supply/Fabrication/installation (EPC or rental basis as an integrated or individual packages) – Overhead crude storage tanks, separators, heater treaters, condensate stabilization units, Gas treatment and compression units, ETP's, flare packages, Electrical heat tracing, pumps, generators (GEG/DG sets), valves and accessories and allied surface facilities,
- 2) Supply, maintenance and calibrations of Gas flow meters/flow computers
- 3) Supply, maintenance and calibration of tank LT's, PT, TT's. PGs and real time monitoring system.
- 4) Supply, installation and maintenance of CCTV monitoring system.
- 5) Installation, Maintenance, Calibration services of SRP and PCP units
- 6) Supply of Production Chemicals
- 7) Operation and Maintenance Manpower services
- 8) Security Agency services
- 9) Crude oil/produced water transportation services
- 10) Lab analysis of Crude oil/produced water and gas
- 11) Quality and quantitative Inspection services
- 12) Maintenance and repair services
- 13) General Fabrication and installation services of piping, structural
- 14) Engineering services
- 15) HSE associated equipments
- 16) Hazardous and Non Hazardous waste management services
- 17) Warehouse material handling services.
- 18) MDPE/Carbon steel Pipeline supply, fabrication, installation and maintenance services.
- 19) Supply and maintenance of Lab equipment services

At the discretion of SELAN, formal tenders (Integrated, Bundled or Standalone) shall be initiated based on the work programs finalized during the next two years (September 24 –August 26) to finalize the Contracts for the supplies and services required for the said Blocks. The Contracts based on the business need shall be on a project to project basis or on a long term basis (upto three years term) with extension options.

Only Contractors who have a proven execution and safety track record with a minimum experience of three years in the last five years in providing the below mentioned services in standalone, integrated or bundled form and financially stable

shall be considered by the Company for inclusion in the bid list.

To enable assessment of Contractor's capability, interested parties are requested to submit on company letter head signed by authorized signatory within Twenty One (21) days of publication of the newspaper advertisement giving the following details:

1. List the Subcategories for which pre-qualification is sought. (e.g: D.6.0 – Production Chemicals)
2. Audited corporate financial details including annual reports for the last three (3) financial years.
3. List of similar contracts successfully executed in last five years and projects currently under execution. (Provide separate list for Indian sub-continent)
4. Details on technical (including HSSE) capability and capacity including resources available in India. Provide list of key Personnel.
5. Details of major Equipment's and facilities owned for services/categories.
6. Company and management structure together with detailed organization chart.
7. Lists of policies, procedures, certifications and quality assurance practices currently in place for execution of similar work.
8. Health, Safety, Security and Environment (HSSE) polices procedures and statistics covering last three years.
9. Details of legal/court rulings against your company, if any in last five years.
10. Any other information that will establish that the company is a competent service provider/goods supplier.

**Terms and conditions:**

1. SELAN reserves the right to accept or reject any or all responses to this advertisement without assigning any reason whatsoever. Selan's decision of pre-qualification of the Contractor is final.
2. The above list of documents is not exhaustive. Selan reserves the right to seek additional documents/information.
3. Responses submitted through Agents / Intermediaries will not be considered. However Authorized traders/stockiest/supply houses can provide their submissions.
4. The requisite documents shall be submitted by e-mail within 15 days from the date of advertisement in the newspaper and immediately followed by a hard copy submission through courier in an envelope with a label below to the following address:
